JUVENTUS ACADEMY

Juventus Academy Ślęza is part of the global network of all Juventus academies.

We promote the values of Juventus FC, which are consistent across every academy worldwide.

For us, the most important thing is the child's smile and the joy of playing on the pitch – that's where we start, and that's how we build the sporting attitude of a young footballer.

TRAINING SESSIONS

FIELDS

In winter, training sessions take place in heated indoor facilities with artificial turf, while during the spring and summer seasons we use outdoor fields with natural grass.

For the U12–U15 (Młodzik and Trampkarz) age groups, winter training may also be conducted on outdoor pitches, depending on the training schedule

COACHES

All coaches at the Academy hold qualifications that meet the standards of the Polish Football Association (PZPN) as well as the training methodology of Juventus FC. Our coaching staff participates twice a year in specialized workshops led by trainers from Italy, ensuring continuous development and the highest quality of training

FREQUENCY

Training sessions are held 2 to 3 times per week, depending on the age category.

Each session follows a similar structure, with the training content adapted to the specific needs of each group

ADDITIONALLY

In addition to regular training sessions, Juventus Academy Wrocław takes part in tournaments, league matches, and friendly games.

We also organize sports camps and themed events throughout the year. Our players have the opportunity to participate in the annual Juventus Academy World Cup in Italy
